Covid-19 vaccination programme

The Covid-19 pandemic has impacted almost every corner of life, causing global economies to stall, changing the way we work and interact with our loved ones, and stretching healthcare systems to the limit. Vaccines must be effective at significantly reducing the spread of the virus for them to be successful. Safe and effective vaccines are an important tool, in combination with other measures, to protect people against COVID-19, save lives and reduce wide scale social disruption. One challenge that has been increasingly discussed is that of offering the vaccine to those who need it most and preventing disparities in vaccination access. So our college organizes the Covid-19 vaccination programme on dated 17/08/2021 and 28/08/2021. The programme is inaugurated by Dr. G. K. Sanap. The present vaccination programme carried by the institutes is much more beneficial to improve the immunity and prevent the students and the faculty against the Covid-19 pandemic.

International Yoga day celebration

Yoga is an ancient practice that builds strength and awareness and brings together the mind and body. It includes breathing exercises, meditation and asanas or poses that stretch and flex various muscle groups. Yoga as a practice has an innumerable benefit that positively affects an individual both physically and mentally. Whether it is reducing your blood pressure or raising your pain tolerance. The relaxation techniques used in yoga can reduce chronic pain, such as lower back pain, arthritis, headaches and carpal tunnel syndrome. Yoga also helps lower blood pressure and reduces insomnia. Due to this our college celebrate the International Yoga day celebration on dated 21/06/2021. For this programme Nandkumar Shinde demonstrated different Asanas and discussed about the importance of the yoga in everyday life. The president of the present programme was Mr. B.R. Bodke and the other faculty members and non teaching staff are also present for this programme. Youth Leadership Programme

Our colleges organize the youth leadership programme on dated -----.

Youth development programs hold the philosophy that developing abilities like resilience, self-awareness, resourcefulness, and other attributes of The Compass Advantage framework, help young people navigate adolescence in healthy ways. There is an important difference between youth development programs and a variety of other organized programs that may offer youth activities or strategies to prevent high risk behaviors. Programs that incorporate this positive approach to development view young people as resources to be developed rather than as problems to be corrected. Their goals are to promote the positive in young people, including competency-building skills, social skills, life skills, academic improvement, motivation, community involvement, etc. For this programme MLA Rohit Pawar is discussed the various aspect about the youth leadership. The president of the present programme was Dr. V. P. Pawar and the other faculty members and non teaching staff are also present for this programme. These kinds of programs have evolved by applying the research in positive youth development of the youth in the campus.

Student Counselling about Cybercrime

Student's dependence and behaviour towards information security and internet deeply affect the way they intend to use information technology. The increased dependence of students on internet has led to the rise in cybercrime. Problems such as lack of proper training and education, the poor awareness of cybercrime among Indians have also contributed to the growth in cybercrime. Even the law enforcement has faced huge problems in tackling cybercrimes due to the high rate of cybercrime. Due to this scenario our college organize the Student Counselling about Cybercrime programme on dated 07/03/2021 for the students. For this programme PI Hon Budhavant discussed the various laws and problem in the cybercrime. The president of the present programme was Dr. V. P.
